Experince

Robbit

Robotics teacher

Feb, 2026 - Jun, 2026

- Taught robotics and programming fundamentals to students using practical projects
- Explained programming logic, algorithms, and problem-solving concepts
- Guided students in building robotic systems and understanding sensors & automation
- Developed communication and technical mentoring skills

Experince in real projects

Orman

Frontend Engineer

Jan, 2026 - Feb, 2026

- Through this website project, I have saved the time of sales operators and customers because before, customers would call and ask for the color, size, and pictures of the chandelier, but now they can go to the website and place an order, and the operator will call and confirm.
- This project was built using React.js, JavaScript, TypeScript, Firebase, and Tailwind CSS. By working with these technologies, I further improved and strengthened my skills.

PNT

Frontend Engineer

Jan, 2026 - Feb, 2026

- Through this, I reduced paperwork, as passport data is stored on the website and can only be accessed by a limited number of authorized users
- In this project, I used React.js, JavaScript, TypeScript, and Tailwind CSS. With the help of AI, I also worked with MongoDB, JWT Authentication and REST API technologies.
- Through this project, I learned how to write effective prompts for AI and started gaining a basic understanding of backend development.

LANGUAGES & TECHNOLOGIES

Technical Skills: HTML, CSS, SASS, TailwindCSS, DaisyUI, Type Script, Java Script, React.js, Next.js, Redux Toolkit, MongoDB

Tools: Firebase, Firestore, Figma, GitHub, Vercel

EDUCATION

Najot Ta'lim — Frontend React.js

Feb, 2025 - Oct, 2025

LANGUAGE SKILLS

English: Elementary | Uzbek: Native
